## **Suspension of trading in Sacos shares**

Shareholders are advised that the company has requested a voluntary suspension of trade in its shares on Trop-X. This request has been granted.

The company has decided to take this precaution due to the delay in the auditors completing the 2016 audit. This delay is likely to cause a certain measure of uncertainty among the investing public.

Consequently, the company believes it is in the shareholder's best interest to suspend trading in its share until all information become public knowledge.

The company will request a lifting of the suspension once the audited financial statement have been published.

Please contact the Sponsor Advisor if you need any clarity in this regard.
